## Rector Major's Visit

Fr Ángel Fernández Artime  
Rector Major

**SACRED HEART COLLEGE**  
**(AUTONOMOUS) Tirupattur**

Accredited by NAAC (4<sup>th</sup> Cycle - under RAF) with CGPA of 3.31/4 at 'A+' Grade | Affiliated to Thiruvalluvar University, Vellore

Dear Sacred Hearts,

I am glad to connect with you through this September edition of the college e-newsletter “*Sacred Heart Times*”, reaching out to all the stake holders of the college. We are enjoying the collective blessings of the Sacred Heart of Jesus, St. John Bosco and our beloved Mother Mary in all our endeavours. We are eagerly waiting to receive, a new impetus during the visit of Rev. Fr. Angel Fernandez Artime SDB, the Salesian Rector Major on 8<sup>th</sup> and 9<sup>th</sup> September, 2019. In the Salesian legacy, the Rector Major is Don Bosco himself. We are going to witness a historic event in the chronicles of the college and stay blessed.

The blessings we receive from above prompt us not to wait for any social changes, but to initiate changes from within. As responsible citizens of the country, and conscientious human beings keen to conserve Mother Nature, we have started the plantation of palmyra trees to prevent their extinction in the neighbourhood. The palmyra trees are standing evidence of the Tamil Civilization, one of the ancient traditions in the history of the world. By taking steps to prevent their extinction, I presume that we are sending a strong message to the public about our social responsibility and quest to preserve our identity. We are planning to plant one lakh palmyra trees in the nearby villages in the next four years and I am happy to note that we have already reached the target of 25,000 trees this year.

The country is becoming a victim of the current global recession. I appeal to our beloved youths to be ready to resist this economic crisis with their innovative ideas. As a SHCite, We should become job providers rather than job seekers in the current scenario and skill ourselves, towards it.

The College is making conscious efforts to frequently upgrade the teaching and learning pedagogy according to the latest educational trends. We are aiming at blending the traditional teaching pedagogy with state of the art methods. The usage of the latest version of the e-Learning platform “*Moodle*” is promoted among the faculty, and the faculty are expected to implement at least one e-Learning activity in their respective courses, to ensure novelty and creativity in the teaching process. Further, orientation is given on the Outcome Based Education (OBE) Model suggested by prominent educationists to improve the quality of the syllabus and keep to international standards. A series of workshops is planned along this line to incorporate OBE into the curriculum.

*Let us all be prepared to face the future with courage under the guidance of the Lord!*

*God bless you all!*
