Foreword...

Dear Sacred Hearts!

As we complete the first part of the academic year 2018-19, I gratefully acknowledge the efforts of all the salesians, faculty, staff and students of the college for all their contributions. When I introspect on this event filled semester, I value the efforts of IQAC in particular and the Departments in general for their immense exertions towards the preparation of the Self Study Report of the College for the 4th Cycle of NAAC Accreditation.

Every edition of "Sacred Heart Times" exhibits the progress of the college in various spheres of academics, co-curricular, research and consultancy pursuits. This newsletter announces such initiatives and recognizes the staff and students to the public. I congratulate the Department of Physics for binding the Silver Jubilee Batch of Alumni (1989-92) together in our campus. These occasions ascertain the loyalty and intimacy of our beloved alumni who disseminate the motto of the college "ready for every good work" throughout the world. I admire all the efforts of staff and students and urge them to march towards the destiny of the institution.

We as an academic institution have the responsibility to build the future nation. In the present scenario the country is being corroded with corruption which is omnipresent. Hence, I appeal to the young aspiring graduates who are the only hope for the future nation, to fight and eradicate corruption from our country. Let us pledge and act together to envisage a corruption free India.

May God Bless You All.
