**CQC REPORT 2020-2021**  
**I M.Sc. Biochemistry**

1. In CQC, students discussed about the improvements in their academic activities along with participation in the extra-curricular activities were planned meticulously.
2. It was suggested to go to library in the afternoon and spend nearly one hour to collect notes with reference to theory papers.
3. It was planned to post new articles for the notice board and students were allotted with in-charges respectively. New article cuttings from newspapers and hand written articles can be posted on daily basis.
4. Prior information before taking leave should be followed strictly and it should be informed to the class in-charge.
5. Steps to improve English communication and effective seminar management are to be followed and students are advised to communicate only in English in the campus.
6. It was suggested to maintain a clean class room and the furniture and other belongings are to be taken care of properly.
7. It was suggested to switch off all the electrical lines when there is nobody in the class and class leader should take care of this work.

**I B.Sc Biochemistry**  
**2020-2021**

In CQC (Class Quality Circle), we discussed about the Knowledge gaining. Every month as a class teacher I was checked group activities. Advised the students weekly twice used to go to library at 2 to 3 pm. Remedial class conducted for arrear students subjects wise. Every day changing the notice board placed the articles relevant to current science related news. Morning first hour late comer, Braek time late comer, Leave forms pending all the remarks intimated to Class In-charge. Weekly once we discussed about how to improve our English knowledge, We have to speak only in English in every day order as much as possible to improve communicative language skill and Skill development. We are maintained our class room in marvellous discipline manner like, notice board, black board proverbs regularly. Our class students are exploit it very accurately so we are developed leadership quality in this academic year 2020-2021.

**THANK YOU**

## II-PG CQC REPORT

(2020-2021)

In Class Quality circle (CQC), we discussed about the carrier opportunities in the various fields of biochemistry. Every Wednesday, during the class hours we spend 5-10 minutes to develop our communication skills by some activities like stories, group discussions on general topics and how to handle the interviews. Every month, our group activities were checked by our class teacher. Every day we spend some time to improve our subject knowledge. We discussed about various competitive exams and their preparation methods and also we discussed about research, needfulness of research, funding agencies for research, how to prepare a proposal for getting grants from various funding agencies. These discussions will be very useful for us to grow a very disciplined and knowledgeable person. Our class students are exploit it very precisely so we are developed leadership quality in this academic year 2020 -2021. The following best practices we adopted.

- After the regular class hours, we spend some time for collecting notes.
- Our class notice board was maintained properly by displaying new scientific articles and current Bioscience related inventions.
- Discussion about SHIYA program – sharing ideas and thoughts
